

Environmental Policy Statement

B & T Services Ltd seeks excellence in every aspect of our business and is committed to minimising the environmental impacts of our business operations. We acknowledge our responsibility for, and a commitment to, the protection of the environment at all levels.

By exercising adequate controls over its activities B & T Services Ltd will promote the use of sustainable resources and:

- Measure and take action to reduce the carbon footprint of our business activities.
- Manage waste generated from our business operations and promote the importance to all employees of reducing, re-using or recycling where possible.
- Ensure environmental, including climate change, criteria are taken into account in the procurement of goods, services and transportation.
- Where permitted encourage the use of and provide suitable facilities for communicating electronically, including: e-tendering, documentation and e-billing.
- Promote energy efficiency and energy efficient products within our designs and installations.
- Integrate our environmental policy with that of our clients and statutory regulation such that the effectiveness of the policy can only improve.
- Regularly review our environmental policy and evaluate its effectiveness.
